Microsoft Virtual Events Powered by Teams

2. 21 June 2025 Saturday : 1.30 - 2.30pm SGT / 11.00 – 12.00pm IST

Microsoft Virtual Events Powered by Teams

Why Attend?

This webinar will explore how technology-enabled green education can play a vital role in empowering environmental sustainability and achieving Net Zero goals. It is a unique opportunity to enhance your understanding of the current educational landscape and discover innovative strategies for integrating sustainability into your institution.

Who Should Attend?

This webinar is open to:

- Teachers, Faculty, Educators, Principals, Vice Chancellors, Curriculum Developers and Educational Consultants

The Webinar Will Cover:

- Climate Change: Impacts and Actions
- Faculty Development and Training Programme
- Student Engagement and Awareness Creation
- Experiential Education with Technology
- Technological Integration in Data Collection and Research
- Energy Reduction Programme Impact Measurement

Why You Should Participate:

- Gain insights on how technology is transforming education for sustainability.
- Learn how to empower your students with real-world, experiential learning on climate action.
- Discover cutting-edge tools and methodologies for integrating sustainability into academic curricula.

Don't miss out on this opportunity to contribute to a sustainable future and enhance your institution's role in shaping environmentally-conscious leaders.
